January 27, 2014

---

An act to ~~add Section~~ amend Section 3548 of, and to add Sections 3548.9 and 3549.5 to, the Government Code, relating to school employees.

### LEGISLATIVE COUNSEL'S DIGEST

AB 1550, as amended, Rendon. School employees: collective bargaining.

**Existing**

(1) *Existing* law permits public school employees to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations, as specified. Existing law permits an employee organization to become the exclusive representative of an appropriate unit for purposes of meeting and negotiating with a public school employer, as specified. Existing law ~~requires~~ *authorizes either a public school employer or the exclusive representative to declare that an impasse has been reached between the parties in negotiations over matters within the scope of representation and to request the Public Employment Relations Board to appoint a mediator for the purpose of assisting them, as specified. If the board determines that an impasse exists, existing law requires it to appoint a mediator in accordance with such rules as it shall prescribe within 5 working days after the receipt of a request.*

*This bill would instead, if the board determines that an impasse exists, require it to appoint a mediator in accordance with such rules as it shall prescribe within 10 working days after the receipt of a request.*

*(2) Existing law authorizes either a public school employer or the exclusive representative to request that their differences be submitted to a factfinding panel by written notification to the other if the mediator is unable to effect settlement of the controversy within 15 days after his or her appointment and the mediator declares that factfinding is appropriate to the resolution of the impasse. Existing law requires the factfinding panel to meet with the parties or their representatives, as specified, and requires the panel to make findings of fact and recommend terms of settlement, which recommendations shall be advisory only, if the dispute is not settled within 30 days after the appointment of the panel, or, upon agreement by both parties, within a longer period.*

*This bill would require the public school employer to provide the exclusive representative with written notice of all terms included in the last, best, and final offer of the public school employer if the dispute is not settled within 30 days after the recommendations of the panel, or, upon agreement by both parties, within a longer period. The bill would also require the public school employer to provide written notice to the exclusive representative of the date certain for implementation of terms included in the last, best, and final offer of the public school employer at least 30 days before that implementation.*

*(3) Existing law requires the provisions related to collective bargaining for public school employees to not be construed as prohibiting a public school employer from making the final decision with regard to specified matters, including, among other things, matters related to the scope of representation, as defined, and the causes and procedures for disciplinary action other than dismissal.*

*This bill would prohibit a public school employer from unilaterally adding language to, deleting language from, or otherwise implementing terms and conditions of employment inconsistent with, a negotiated agreement with an exclusive representative, and would, if language in a negotiated agreement is illegal, require the public school employer and the exclusive representative to meet and negotiate any change to the negotiated agreement to remedy the illegal language. By requiring a public school employer to meet and negotiate with the exclusive representative, the bill would impose a state-mandated local program.*

*-The*

(4) *The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.*

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*
